Filtering Shop Orders by Date

Last Modified on 22/09/2016 2:14 pm AEST

Quick Steps: Shop > Order Management > Advanced Search

Viewing Orders allows you to view any outstanding orders and the details of them to allow you to pack and complete the order. You can filter your orders by a date range using the Advanced Search function to enable you to only view orders from a specific date when completing or viewing orders.

 Within the Management Console, select Shop from the top menu, then Order Management from the left menu.

2. This page will open automatically onto your Outstanding Orders.

3. Select Advanced Search at the right of the Search field.

You can filter on the Order Date, Completed Date or Both.

5. Click Search to view the orders from your selected date range.

If searching for orders by their Completed Date, you will need to make sure you are in the Shipped area of Orders for the correct orders to display.

Note: Filtering Orders allows you to view only those orders placed in a certain date range without having to sort through all the orders in your system.
